International Students: Achieve your potential with Navitas

To get a job in Australia you need to show employability skills in addition to your degree qualification. Most companies will ask you to show evidence of some work experience before they will consider your application. But how do you gain work experience and how do you show evidence of this to a potential employer?

Navitas Professional Year Program

The Professional Year is aimed at addressing Australia’s skill shortages by enhancing the employment skills of recent international graduates, principally those seeking permanent residence in Australia.

The Program

- Successful graduates qualify for migration points towards permanent residence
- Accounting/ICT/Engineering
- CV preparation & interview skills
- IELTS preparation classes and IELTS test
- Professional training specific to the industry
- 44 weeks, as gazetted by the Department of Immigration and Citizenship (DIAC)
- Professional internship for 12 weeks
